

--Question Starting--

Match the following concepts with their relevant theoretical perspectives:

1. Concept Theory

- I. Sports, gender testing, and the athletic body A. Post-structuralist critique of identity politics
- II. Body modifications: tattoos, piercings, and ethics B. Philosophical examination of self-expression and autonomy
- III. Judith Butler's Gender Trouble and performativity C. Socio-legal analysis of bodily autonomy
- IV. External manifestations of identity D. Theorization of gender as performative

Choose the correct answer from the options given below:

- (1) I-C, II-B, III-D, IV-A
- (2) I-A, II-C, III-B, IV-D
- (3) I-D, II-A, III-C, IV-B
- (4) I-B, II-D, III-A, IV-C

Answer Key: 3

Solution:

? Sports, gender testing, and the athletic body involves socio-legal issues surrounding what constitutes gender and the fairness in sports, which calls for an analysis of bodily autonomy.

? Body modifications such as tattoos and piercings relate to ethical considerations of self-expression and personal autonomy, thus aligning with a philosophical examination.

? Judith Butler's concept in Gender Trouble discusses the performative nature of gender, aligning it with post-structuralist theories.

? External manifestations of identity often involve how societal norms shape personal identity, which is a post-structuralist critique.

Hence, Option (3) is the right answer.

--Question Starting--

Match the following ethical considerations with their corresponding philosophical implications:

1. Ethical Consideration Philosophical Implication

- I. Consent in body modifications A. Challenges to traditional moral theories
- II. Gender testing in sports B. Debate over bodily integrity versus societal norms
- III. Performativity in gender C. Critique of gender norms and identity formation
- IV. Autonomy in self-expression D. Implications for personal freedom and ethical self-ownership

Choose the correct answer from the options given below:

- (1) I-D, II-B, III-C, IV-A
- (2) I-C, II-D, III-A, IV-B
- (3) I-B, II-A, III-D, IV-C
- (4) I-A, II-C, III-B, IV-D

Answer Key: 2

Solution:

? Consent in body modifications brings ethical self-ownership and autonomy in self-expression to the forefront, challenging traditional moral theories.

? Gender testing in sports, involving complex issues of fairness and equality, raises debates over bodily integrity and societal norms.

? Performativity in gender, as discussed by Judith Butler, critiques conventional gender norms and the formation of identity.

? Autonomy in self-expression reflects on philosophical implications for personal freedom and ethical self-ownership.

Hence, Option (2) is the right answer.

--Question Starting--

Match the following issues with philosophical theories they best resonate with:

1. Issue Theory

- I. Gender testing A. Intersection of law, ethics, and society

II. Body modifications B. Concepts of autonomy and personal rights

III. Butler's notion of performativity C. Postmodern challenge to traditional identity views

IV. Ethics of self-expression D. Philosophical debates on self-determination

Choose the correct answer from the options given below:

(1) I-A, II-B, III-C, IV-D

(2) I-B, II-C, III-A, IV-D

(3) I-C, II-D, III-B, IV-A

(4) I-D, II-A, III-C, IV-B

Answer Key: 1

Solution:

? Gender testing in sports, touching on fairness and privacy, intersects with law, ethics, and societal norms.

? Body modifications like tattoos and piercings reflect on autonomy and personal rights, relating to ethical considerations.

? Judith Butler's theory of performativity challenges traditional views on identity through its postmodern approach.

? The ethics of self-expression, encompassing issues of personal rights, aligns with philosophical debates on self-determination.

Hence, Option (1) is the right answer.
